Director's Note

Thank you for joining us for our performance of "Frankenstein." Creating and molding this show has been one of my biggest delights as a Director here at FSLT. I cannot thank my cast and crew enough for their hard work and dedication. This cast is unlike any I've work with before. They have completely dedicated themselves mind, body, and soul to these characters in order to recreate the world you will shortly become apart of. Most importantly, they all love Horror just as much as I do. So sit back, relax, and welcome to our thrill ride between reality and fantasy. Welcome to "Frankenstein."
