ALSO STARRING 'THE DESK OF HARRY E. KELLEY'

The setting is a news reporter's room in the courthouse.....
Chicago.....a toddling, 1920's town, when men were men and
women were flappers and politics, as usual, was ho holds barred.
The language of these men of words, was undisciplined and
direct.....and today might not be understood or even tolerated.
"Roodles".....doubles; "fudge".....early edition; "Alienist".....
a term of that time for analyst; "gussie mollio".....?????
