A NOTE FROM THE DIRECTORS

This year marks the 25th anniversary of the Broadway debut of *DISNEY'S BEAUTY AND THE BEAST*, and the story we all know as "the tale as old as time." The beautiful music, powerful lyrics, creative props, and stunning costumes of this production truly embody the phrase "the magic of theatre."

It has been an honor and privilege to spend the last several months with some of the most gifted performers in this area. Their efforts have been supported by many others listed here. Some productions take a village; this one required a metropolis! Our stage is small, but the effort put forth by so many has been huge.

Thank you to our cast, crew, and to you, our patrons, for your support of this production and our community theatre. While being swept away from real life for a few hours, we hope that, like the Beast, you are reminded that true beauty comes from inner kindness. Then leave with a smile, and hum this beautiful music for days.
