Director's Note:

Volunteering at Fort Smith Little Theatre has always been a passion of mine. When I was presented with the opportunity to direct I jumped on it! *Nana Does Vegas* is such a special play to me because at its heart, it celebrates family and found family. That sense of connection is the core value that holds the characters together.

I want to thank my amazing cast and crew for embarking on this journey with me. They believed in me from the very beginning and have embraced every challenge with enthusiasm and dedication, pouring their time, energy, and hearts into this production. Their hard work and passion have brought my vision to life, and they have created a show that we are all proud of and that I know audiences will enjoy.

Finally, I would like to thank the patrons of FSLT! Every show you fill the seats and give artists of every background the opportunity to do something they love. We would not be here without your unwavering support!

I hope you enjoy this show as much as I have enjoyed directing it. And when you leave here, remember, what happens in Vegas stays in Vegas.
